This proposal constitutes an approximate decrease of 1.34% (\$902,792) under the FY 19-20 amended budget. The budget is balanced and prepared in accordance with the Local Government Budget and Fiscal Control Act, presenting appropriations by categories of expense and revenues by source. All proposals within the general fund are based upon a budget with a tax rate of \$0.38 per \$100 of value.

It is recommended that all employees move up one step in the current grade and step plan. This action is necessary to maintain the career path system. Approximately \$445,052 is budgeted to implement a one-step increase for all employees. It was originally recommended at the February 2020 budget retreat that the employees also receive a Cost of Living Adjustment (COLA) along with a one-step increase. CAPITAL & CAPITAL IMPROVEMENTS

There are capital and capital improvement needs in the amount of \$1,976,604 that should be addressed in FY 20-21. The recommendations are as follows:

Equipment: \$628,874

Highlights under this category include computers, servers, printers, software, phone systems, garage equipment, cleaning equipment, grounds maintenance equipment, recreation equipment, law enforcement car video and taser replacements and emergency communication equipment. It is being recommended that the majority of these expenses be delayed potentially until January 2021.

Vehicles: \$638,330

Highlights under this category include \$257,150 to replace vehicles at the Sheriff's Office, \$50,000 for 2 vehicles for Code Enforcement, \$24,885 for a vehicle for Environmental Health, \$25,000 for a Social Services vehicle, and \$281,295 for 1 Lift Equipped 20' Light Transport Vehicle, 2 - 25' Light Transit vehicles and 1 Minivan/Crossover ADA compliant van (90% grant funded).

Improvements: \$709,400

Highlights under this category include lights for the Department on Aging parking lot, new roof and upgrade to HVAC software for Department of Social Services; new flooring for the Cashiers Recreation gym and aerobics rooms; Andrews Park upper bathrooms and primitive area renovations, and a new picnic shelter; Archery range and various other facility and recreation improvements.

NOTE: It is proposed that these projects be funded from three different sources - \$362,800 from General Fund, \$269,100 from CPR Fund and \$77,500 from Greenway Project Fund.

FY 2018-2022 FACILITY CAPITAL IMPROVEMENT PLAN

The adopted FY 2018-2022 Facility Capital Improvement Plan sets aside funds for three major facility projects: 1. Health Department / One Stop Permitting Center 2. Animal Rescue Center 3. Justice Center Renovations. The Health Department / One Stop Permitting Center is scheduled to be complete by September 2020. The project construction for the Animal Rescue Center will begin in FY 20-21. Schematic design work for the Justice Center Renovations will begin at the end of FY 20-21.

JACKSON COUNTY BOARD OF EDUCATION

Current Expense

It is proposed to allocate \$7,908,941 (level amount) to the public schools for FY 20-21. This includes \$6,884,438 for current operations, \$141,928 for PILT, \$448,458 in teacher

supplements and \$434,117 for counselors. It is recommended that this level funding allocation be revisited in January 2021.

Capital

40% of the Article 40 (½ cent) sales tax and 60% of the Article 42 (½ cent) sales tax go to public schools for capital. In FY 20-21 the following items are proposed to be funded:

Capital Outlay:	\$235,000
Capital Outlay-Technology:	\$400,000
Capital Outlay – One to One:	\$320,700
Capital Outlay – Maintenance:	\$375,000 – Preventive maintenance on roofs
Capital Outlay – Security	<u>\$ 25,000</u>
Total	\$1,355,700

It is recommended to budget an additional \$1,000,000 for public school capital expenditures in FY 20-21 out of Articles 40 and 42 sales taxes. It is also recommended to budget an additional \$1,500,000 out of the Article 46 sales tax fund in FY 20-21 to be used for educational purposes. The additional \$2,500,000 will be used for facility safety upgrades..

SOUTHWESTERN COMMUNITY COLLEGE (SCC)

It is proposed to allocate \$2,050,990 (level amount) to SCC in current operations for FY 20-21. It is recommended that this level funding allocation be revisited in January 2021. The proposed general maintenance capital outlay appropriation is \$349,126. Major items in capital include boiler replacement in Founders Hall, three new fleet vehicles, upgrades to plumbing in Bradford Hall, purchase a new John Deere riding mower and various renovations to the facilities.

JACKSON COUNTY LIBRARIES: FONTANA REGIONAL LIBRARY SYSTEM

It is proposed to allocate \$1,154,908 (level amount) to the Fontana Regional Library System to operate both the Jackson County Library and the Albert Carlton Library. It is recommended that this level funding allocation be revisited in January 2021.

OTHER APPROPRIATIONS

There are many agencies that have requested funds from Jackson County. I have divided these discussions into three categories: 1. Safety – Fire, Forestry, Rescue, EMS
2. Community Development Centers (CDC) & Non-Profits. 3. Contingencies

Safety – Fire, Forestry, Rescue, EMS

It is proposed that Cullowhee, Sylva, Canada, Savannah, Balsam and Qualla Volunteer Fire Departments and the Glenville – Cashiers & Jackson County Rescue Squads receive a 2% increase in allocation. It is proposed that the Forestry Service receive increased funding of \$85,408 as requested.

CDC & Non-Profits

It is proposed that Community Development Center funding to all 14 centers remain at current FY 19-20 levels. It is proposed that funding to most non-profits remain at current FY 19-20 levels. No other significant increases have been recommended to existing non-profits nor have any new non-profit programs been budgeted.

Contingencies

A contingency of \$178,692 is budgeted for FY 20-21 and is available for general purposes. An additional \$25,000 is budgeted to continue the internship program and \$709,400 is available for capital purposes identified earlier in this message.

COVID-19 Pandemic

Jackson County employees have done a great job in adjusting to local and state orders to help protect the health and safety of our community. As the State and our community attempt to transition back to open operations, Jackson County government will also need to transition back to a “new normal” of operations. This transition will be done in consonance with the orders and recommendations of the State of North Carolina (DHHS) and other health agencies.

The transition to a “new normal” of operation along with revenue impacts related to the COVID-19 pandemic is the reason that the proposed FY 20-21 budget is presented at a 1.34% decrease along with no growth for major operations. This conservative approach will fund needed operations at the beginning of the fiscal year and will allow us to re-evaluate the situation mid-year. As previously discussed the following expenses should be either delayed or revisited in January 2021:

1. Capital Equipment
2. A COLA increase for employees (Note: A one-step increase for all employees is included in the proposed budget)
3. Board of Education current expense level funding
4. Southwestern Community College current operations level funding
5. Jackson County Libraries level funding

Delaying the above expenses will allow for Jackson County to truly understand how Federal and State funding will assist in these needs and will also allow for a true assessment of the sales tax losses.

Jackson County is slated to receive \$964,886 from the NC Caronavirus Relief Fund (CRF) under the Federal CARES Act. These funds will be used to offset some of our existing costs and new costs associated with COVID-19. There is also potential for additional funds to be allocated to Jackson County to offset revenue losses. Both the Board of Education and Southwestern Community College will be receiving additional funds related to the COVID-19 pandemic. It could take all of us many months to truly understand how these funds can be used to offset our existing and future costs related to the pandemic.

Sales tax revenues will be impacted by the pandemic. These potential impacts should be broken down into two categories:

1. Current year impacts. Up until the pandemic occurred, Jackson County was experiencing tremendous growth within our community. The first eight-months (July 19 – February 20) of sales tax revenue surpassed last year's revenues by over 12%. This is over 7% more than budgeted. It is believed that this tremendous growth is due to tourism and new construction. Assuming March revenues remain relatively flat, we could see a decline in sales tax revenues by 14% for the months of April, May and June 2020 and still receive the budgeted amount. Due to the continuation of the construction industry, it is believed that Jackson County will at least receive the budgeted amounts for FY 19-20 sales taxes. If this is not the case then the County's fund balance will be reduced. Unfortunately the sales tax revenues generated by the tremendous amount of growth in Jackson County will be offset by the negative impact of the pandemic.
2. FY 20-21 impacts. Sales tax revenues have been reduced by 2% under current year estimates. This reduction accounts for a gradual comeback in overall sales through the month of September with overall sales being back to normal by the second quarter (October-December 2020). If the Governor's Three-Phase plan stays relatively on schedule then it is believed that these estimates are conservative for two reasons: 1. Tourism in Jackson County should begin to rebound by the second quarter of the fiscal year 2. Construction is continuing to occur within the County. Unfortunately the sales tax revenues generated by the growth in Jackson County next year will be somewhat offset by the negative impact of the pandemic.

Jackson County will be in a position by January 2021 to assess the true impact of the pandemic on operations and revenues. This will allow us to make budgetary adjustments if deemed justified and necessary.

SPECIAL FUND HIGHLIGHTS

NOTE: These funds are separate operating entities from the general fund budget. The general fund budget includes transfers to some of these other funds in the amount of \$7,566,400 to support capital projects, recreation and conservation, debt service, the green energy park, economic development, revaluation and school capital reserve. There are additional personnel and capital recommendations in the following summaries.

SOLID WASTE ENTERPRISE FUND

The Solid Waste FY 20-21 proposed operating budget is \$4,056,847. This proposal constitutes an approximate increase of 2%, (\$76,381) over the current FY 19-20 amended budget. This enterprise fund is funded completely from fees collected for services. Employees within this Fund will receive a one-step (2%) pay increase. There are no major operational changes proposed for FY 20-21.

EMERGENCY TELEPHONE (E911) FUND

The E911 FY 20-21 proposed operating budget is \$426,416. This proposal constitutes an approximate increase of 1.47% (\$6,167) over the current FY 19-20 amended budget. These operations are funded completely through E911 fees. Employees within this Fund will receive a one-step (2%) pay increase. There are no major operational changes proposed for FY 20-21.

If the Board deems that additional time is needed prior to budget adoption then a special called meeting can be held on June 30, 2020.

In closing, I would like to extend my appreciation to all County employees who work extremely hard to provide the necessary services that make Jackson County a great place to live. I also extend my thanks to the department heads, elected officials and other representatives for their cooperation in fashioning their budget requests to the required specifications and timelines. And last – but by no means least – I would like to thank Finance Director Darlene Fox and her staff for their tireless effort and attention to detail over the budget development process.

Jackson County Government consists of twenty-three separate departments. Our citizen's demand and our organization delivers a very high level of service. The departments work very hard to raise the quality of life of this community even as growth adds to these challenges.

Jackson County's population grew by 24.8% from 2000 to 2015 and by 63.5% from 1990 to 2019. The County's rate of growth between 2000 and 2010 was the fastest of 16 western North Carolina counties. Between 2000 and 2019, the population density increased from 67.5 to 89.49 persons per square mile.

Township data indicates that the unincorporated areas of the County continue to exhibit the fastest rate of growth. The population of the Cullowhee Township increased by 47% between 2000 and 2010, and almost doubled since 1970. It is the most populous township in the County, with 23.4% of the County's population. As the home of Western Carolina University, Cullowhee Township has the potential for continued uncontrolled growth and development without proper planning, assistance and guidance. The Barkers Creek Township's population grew by 152% between 1970 and 2010 and the population of the Qualla Township increased by 98.6% during this period. These townships are located within the US 441 corridor, which has experienced and will continue to experience growth due to location and availability of infrastructure. Development guidelines are in place to direct growth and development in this area. The total County population increased by 86.5% during the period 1970 – 2010.

While the County's population is primarily white, it does have a much higher percentage of American Indian residents than does the state of North Carolina as a whole. This reflects the location of the Qualla Boundary, home of the Eastern Band of the Cherokee, partially within Jackson County. The percentage of other racial groups living in the County is significantly lower than for the State as a whole.

Jackson County's primary employment sectors are Public Administration, Education, Health Services, Trade, Transportation, and Utilities, Leisure and Hospitality and Professional and Business Services. High employment in these sectors reflects the role of education, health care, tourism and government services in the County's economy. The current per capita personal income is \$24,073 compared to the State average of \$29,456. The unemployment rate in Jackson County is 4.2 percent (February 2020) versus the State average of 3.6 percent (February 2020).

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting. Under the modified accrual basis, revenues are recognized in the accounting period when they become susceptible to accrual (i.e., when they are “measurable” and “available”) to pay the liabilities of the current period. In addition, expenditures are recorded when the related fund liability is incurred, if measurable, except for unmatured principal and interest on general long-term debt, which is recognized when due, and certain compensated absences and claims and judgments, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

The County’s budget is adopted as required by the North Carolina General Statutes. An annual budget ordinance is adopted for the General, Special Revenue and Enterprise Funds. All annual appropriations lapse at fiscal year end. Project ordinances are adopted for the Capital Projects Funds and for certain Special Revenue Fund types. All budgets are prepared using the modified accrual basis of accounting.

The County has the following fund categories:

GOVERNMENTAL FUNDS - General, Special Revenue Funds, Capital Projects Funds

Human Resources

The Human Resources Department is committed to the mission of providing quality support and services to County leadership, departments, employees and prospective employees in the areas of employee relations, recruitment and selection, position classification and compensation, performance management, staff development and training, policy development and interpretation, compliance with state and federal employment laws, benefits administration and workplace safety. Two full-time employees, Human Resources Director and Employee Benefits Administrator, staff the department to serve over 500 employees and retirees combined.

Departmental Goals for FY 2020-2021:

1. Recruitment/Applicant Tracking Technology Implementation
If funding is provided, it is the desire of the Human Resources Department to implement a technology solution to replace the paper recruitment and applicant tracking processes. Other entities have stated this is somewhat a time-consuming process that may take 6-9 months. However, the benefit of an applicant-friendly system is an increase in the number of qualified applicants applying for positions. After this is rolled out the first year, HR will broaden the implementation of this technology to include Social Services and the Health department and provide them setup assistance.
2. Performance Management
Once the paper performance management has been implemented, then exploration of an online process will take place.
3. Personnel Records
Hire an intern to assist the Employee Benefits Administrator with document scanning during summer 2021.
4. Benefits Administration
Examine different options for employees to participate in Open Enrollment other than the traditional face-to-face appointments. Explore and provide employees more efficient and less time consuming processes to complete Open Enrollment that may include the use of technology.
The Employee Benefits Administrator will develop a training for all new supervisory personnel to acquaint them with FMLA and Workers' Compensation reporting requirements.
5. Training & Development
Attend annual Public Employment Law Update and at least two professional development trainings or conferences.
Through the NEOGOV Learn platform provided by NCACC, determine all new hire appropriate trainings that should be completed as part of the employee's orientation such as a one hour harassment awareness training online.

**Jackson County Government Departmental Descriptions and Goals
FY 2020-2021**

6. Safety

A majority of the safety policies were last updated in 1998 – 1999 and are overdue for a complete review and compliance assessment. This is often a time-consuming process and an additional HR responsibility in the absence of an assigned Risk Manager. Human Resources will plan on working with Public Works Department and the NCACC Risk Control Specialist to develop and begin a systematic review and update process.

Employee Wellness Program Goals for Fiscal Year 2020 - 2021

3. Continue to improve public relations.
4. Continue to strive to have an extremely knowledgeable and highly educated staff. Implementation of the career pathway will provide an avenue to inspire additional educational opportunities.

Land Records Division Goals

1. Continue to have a two-day processing turnaround for all deeds and plats.
2. Continue to create data layers to ensure that accurate property information is being applied.
3. Recorded deeds were up 11.62% over last year, up 25.60% from 2015. Recorded plats were up 8.64% over last year, up 9.95% from 2015. Reclassification of a current employee to a GIS Mapping Specialist I is essential to ensure that the increase in recorded documents does not hinder the processing goal.

**Jackson County Government Departmental Descriptions and Goals
FY 2020-2021**

Personal Property Division Goals

1. Continue with the business personal property compliance program. To educate taxpayers and ensure accurate listing.
2. Continue with the manufactured home compliance program in conjunction with the Real Property Division. To ensure that all manufactured homes are properly listed prior to the implementation of the 2021 reappraisal.

GIS Department

Departmental Goals for FY 2020-2021:

1. Convert GIS feature classes to State and Federal standards and produce updated metadata.
GIS is no longer confined to our County operation. Every mapping jurisdiction in the State has its own way of naming data elements within GIS data attributes. The GIS Department wants to standardize data formats for our primary distributed datasets to meet standards set forth by the Geographic Information Coordinating Council (GICC) and NENA. This includes Land Records and E911 data. Conversion would aid us in documenting our data for distribution to the public.
2. Develop GIS for Public Works
Coordinate with Public Works to begin development of a GIS allowing inventory of underground assets such as water, sewer and electrical lines as they are located by Public Works. Although not defined as a survey, approximate locations of these assets on a mapping system will help staff in the future more easily locate buried assets.

**Jackson County Government Departmental Descriptions and Goals
FY 2020-2021**

3. Further develop Open Data site.

Our goal is to create a robust GIS portal for the public that includes as much helpful information about the county as possible. Objectives for this include adding more GIS data for the public to download, such as information on school districts, commissioner districts and additional environmental data. We would also like to create more web apps for public viewing, including apps that allow people to locate which school, commissioner district, or voting precinct they are in, a historical aerial imagery viewer, a voting wait time application and other informational web maps.

4. Develop processes to automate updates between GIS and 911 Computer Aided Dispatch system.

After the NextGen911 migration is completed, in order to maximize efficiency in maintaining the address and road databases, we will need to create processes that will automatically update the 911 CAD system using our GIS data. This will not only save time for both our department and the addressing technicians in the Emergency Management department, but it will also help ensure data integrity.

5. Migrate Environmental Health Specialists to using Collector for ArcGIS.

The system that Environmental Health Specialists are currently using to collect GPS data in the field will be phased out by ESRI within a few years. This necessitates migrating them to ESRI's new GPS collection application called Collector for ArcGIS. This software is more user friendly than ArcPad, which they're currently using, and is much less prone to technical issues, particularly issues that occur when software updates are installed.

6. Migrate Land Records to using ArcPro instead of ArcMap for tax parcel editing.

ESRI is steadily improving ArcPro and phasing out ArcMap. Therefore, it will be necessary over time to migrate our processes such as tax mapping to ArcPro. Additionally, the tax mapping capabilities in ArcPro are now on an equal standing with ArcMap; therefore, after developing similar toolbars to what the mapping technicians currently use, we will transition them to using the new ArcPro software.

Elections

The Board of Elections Office is governed by a state appointed five-member board with an appointed Director whom is responsible for all office and election functions.

The County Board of Elections is overseen by the State Board of Elections and mainly funded by the County where the office is located. The County Board of Elections' daily duties involve maintenance of voter, campaign reporting and election records.

**Jackson County Government Departmental Descriptions and Goals
FY 2020-2021**

Departmental Goals for FY 2020-2021:

1. Providing a safe environment for voting. The COVID-19 virus has presented unperceived challenges and voting will be high on everyone's radar this year. There is no reason to believe there will any delays in the General November Election dates and the local election offices on the frontline must be prepared. In addition to increasing by mail capacities, election offices need to establish in-person practices that voters will trust.
2. Maintain high standards of elections in Jackson County, such as voting machine maintenance, record management and audits, customer service, training, voter education, improved website presence and accessibility. This is remains a goal through all changes and challenges.
3. Invest more time and resources to recruit and train capable precinct workers. The office has been very successful with recruiting new workers and retaining current workers, but it must be an ongoing process. This investment is insurance for fair and accurate elections. There will also be a need to recruit workers from less vulnerable populations for this year. Public health policies will need to be implemented to keep everyone safe while fulfilling their civil duties.
4. Train and maintain a staff that is responsive to the needs of conducting elections. In addition to the prior legal and technological aspects, the elections will need to develop plans to implement the new norm of the current environment. Election offices will need to respond in real-time to the ever changing world for all aspects of elections.
5. Improve security at elections offices and facilities to comply with Homeland Security standards. Elections offices have been named as a critical understructure by Homeland Security. Elections are now designated as essential functions, which adds to the ever-growing complexity of Elections.

2. Preserve death and birth books: After using Kofile last year to preserve several death and birth books, which turned out phenomenal, we have found two of our marriage index books (1853-1872 & 1873-1901) that are in great need for preservation. These are the only documentation of marriages we have for that time frame. They were laminated by the Dept. of Cultural Resources, Div. of Archives & History, in January 1976. We are still working on preserving the death and birth books.
3. Implement e-records: We are working with the Planning Department, Land Records and IT on implementing e-recording of plats. Most plats have to be approved by Planning and Land Records.

Hardware required for this project will be weather proofed equipment to avoid damage. The IT Department will work with Sky-Fi for all locations if applicable. Providing Wi-Fi for these parks will allow the IT Department to be able to monitor all camera systems at each of these locations remotely, eliminating current on-site visits to each of these parks checking cameras individually for issues.
3. Vulnerability Scanning Software for all County facilities is critical. This scanning engine would use plug-ins to detect new vulnerabilities. This software would be a remote security scanning tool, which scans a computer and provides an alert if it discovers any vulnerabilities that malicious hackers could use to gain access to any computer

**Jackson County Government Departmental Descriptions and Goals
FY 2020-2021**

we have connected to one of our networks. Daily plug-in feeds would provide us with additional focus if any public vulnerability issue was detected.

4. Completion of the remodeled Health Department will include all premises wiring, proximity readers, wireless access points, security cameras, TV's, overhead projectors and screens, programming for all devices. Moving of all technology from the Meridian building back to the Health Department to be included. Scheduled to move in September 2020. Continued configurations and training of IT staff will continue the remainder of the year.

Permitting and Code Enforcement

The Permitting and Code Enforcement Department is completing its seventh year providing a centralized location for permitting and inspection services to the construction and development community. During the past seven years, the department completed the tasks of combining staffs and offices for building inspections, erosion control, flood plain management, plat review and fire inspections into centralized offices in Sylva and Cashiers. We have also established procedures and infrastructure to provide a "one-stop" location for the public to apply for all development permits. The county now provides two Permit Centers in Sylva and Cashiers. The Cashiers office functions as a "one stop" and we are in the initial stages of co-locating our office with environmental health and planning to develop a "one stop" center in Sylva. We have completed development of a county Plan Review Team that meets monthly with all county departments involved in new commercial projects plus representation from the Tuckasegee Water and Sewer Authority. A project was undertaken to develop a new centralized permitting system for the county as part of the consolidation. This system is complete for issuing permits and performing mobile inspections. The new operating model has provided customers with easier access to county staff and information, as well as instant notification via email of their inspection results. During fiscal 2020-21 we expect to move into the newly renovated Community Services Center, further centralizing our permitting and inspections functions with environmental health.

Departmental Goals for FY 2020-2021:

1. Continue to improve our follow-up survey system to allow each end user of the department's services to provide anonymous feedback on the ease of use of our services. These surveys will be offered to all contractors and tradespeople and also to each individual after they have received a certificate of occupancy from our office. Increase response rate by 10%.

JACKSON COUNTY GREEN ENERGY PARK

Jackson County Green Energy Park captures methane gas from the old Dillsboro landfill, and then uses that gas for a variety of energy-intensive crafts and agriculture efforts. Since its inception, the JCGEP has worked to provide a model of success for other communities seeking to manage landfill gas or tackle other energy issues in an economically-viable and environmentally-conscious fashion. To date the JCGEP has realized many important milestones: rehabilitation of an old trash transfer station into modern studio spaces and an art gallery; installation of an extensive glassblowing facility; construction and operation of 7,500 square feet of heated greenhouse space; completion of the world's only blacksmith studio fired with landfill gas; successful testing of a bronze and aluminum foundry; and construction of a wood-fired anagama ceramics kiln.
