Terms are fixed 3-year cycles, starting in January. If a new appointment falls off that cycle, the first appointment is for the balance of the current cycle. Board members are limited to three consecutive terms.

Tuckaseigee Water & Sewer Authority (TWSA) is a local government entity with the mission of providing water and wastewater services within their service area. The Authority was formed in 1992 by the political subdivisions of Sylva, Jackson County, Dillsboro and Webster. Each of these forming entities have representation on the governing board.

The appointed members serve a maximum of three, 3-year terms. As a local government entity, the TWSA Board of Directors are asked to attend a monthly Business Meeting, generally held at 5:00 p.m. on the third Thursday of each month. Occasionally, Work Sessions take place at 5:00 p.m. on the second Tuesday of the month. Each meeting provides project and operational updates and often an educational component related to TWSA operations. In general, the Board is responsible for reviewing and adopting matters related to budget, capital project action items, and policies. Board members are asked to also participate in varying committees within TWSA as needed. Under the direction of the TWSA Director 828-586-5189.
