**JACKSON COUNTY, NORTH CAROLINA
ADDRESS REQUEST FORM**

Date of Application: _____

The following information is required in order to assign you a permanent house number and road name. This address is necessary for Jackson County to provide you, the homeowner, with adequate emergency service when a 9-1-1 call is made. Your address will be assigned as soon as possible after your request is made. (The driveway must be cut in on the property before the address can be generated). This form must be filled out if you are building a new home or placing a mobile home on your property. Leave this form at the Building Permit office. The assigned address must be posted on your home or at your driveway before a Certificate of Occupancy can be issued.

Homeowners Name: _____ Telephone: _____

Contractor's Name: _____ Telephone: _____

Road Name: _____ PIN # _____

Building Permit # _____ Parcel Identification Number
Lot # if applicable: _____

Directions to building site: _____

Name of nearest neighbor: _____

Description of new home: (example: 2-story gray house) _____

Attach a drawing of the proposed location of the structure and driveway. You can create this drawing on the Jackson County Parcel Viewer. Go to the following link: gis.jacksonnc.org/rpv. Check the disclaimer box and click OK. Click map layers on top right green bar, click aeriels, then 2019 aeriels. Then, type the PIN number or owner name (formatted "last name, first name") in the box in the top left corner and hit enter to bring up your parcel. You should see your parcel highlighted (click on it if it's not). You can click and drag the map to move around or use your mouse scroll to zoom in and out. To draw on the map, click on the button with the wrench in the upper right corner, then click "Draw". You can place a point on the map where the structure will be and use one of the line options to draw the driveway (freehand polyline works best; just click and drag along the map to draw). Afterwards, you can click on the printer button on the green bar at top to download your parcel drawing to a PDF. Once this file is downloaded, you can print it as normal (through Adobe or your internet browser).

If this home is not to be your permanent full-time residence, please list an out of town mailing address and telephone number where you can be reached.

Section R-318 Protection Against Termites

ATTENTION

A COPY OF TERMITE TREATMENT MUST BE SUBMITTED TO THE BUILDING PERMIT OFFICE BEFORE A CERTIFICATE OF OCCUPANCY CAN BE ISSUED FOR ANY NEW RESIDENTIAL WORK.

R-318.1 Subterranean termite control methods. In areas subject to damage from termites as indicated by Table R301.2(1), methods of protection shall be one of the following methods or a combination of these methods:

1. Chemical termiticide treatment, as provided in Section R318.2.
2. Termite baiting system installed and maintained according to the *label*.
3. Pressure-preservative-treated wood in accordance with the provisions of Section R317.1.
4. Naturally durable termite-resistant wood.
5. Deleted
6. Cold-formed steel framing in accordance with Sections R505.2.1 and R603.2.1.

R-318.1.1 Quality Mark. Lumber and plywood required to be pressure-preservative-treated in accordance with Section R318.1 shall bear the quality *mark* of an *approved* inspection agency which maintains continuing supervision, testing, and inspection over the quality of the product and which has been *approved* by an accreditation body which complies with the requirements of the American Lumber Standard Committee treated wood program.

R-318.2 Chemical Soil Treatment. The concentration, rate of application, and treatment method of the termiticide shall be consistent with and never less than the termiticide label and applied according to the standards of the North Carolina Department of Agriculture.
