

OPIOID SETTLEMENT: WAVE ONE, 2025-2028 SPENDING PLAN

May 6, 2025

Presented by:
Jodie Rodewald
and
Meagan Cagle

PRIORITY STRATEGIES

Recovery Support Services:

Fund evidence-based recovery support services including peer support specialists in community-based organizations to support people who use drugs in accessing addiction treatment, recovery support, harm reduction services, and/or primary healthcare.

Evidence-Based Addiction Treatment:

Support evidence-based addiction treatment for opioid use disorder including MAT.

Early Intervention:

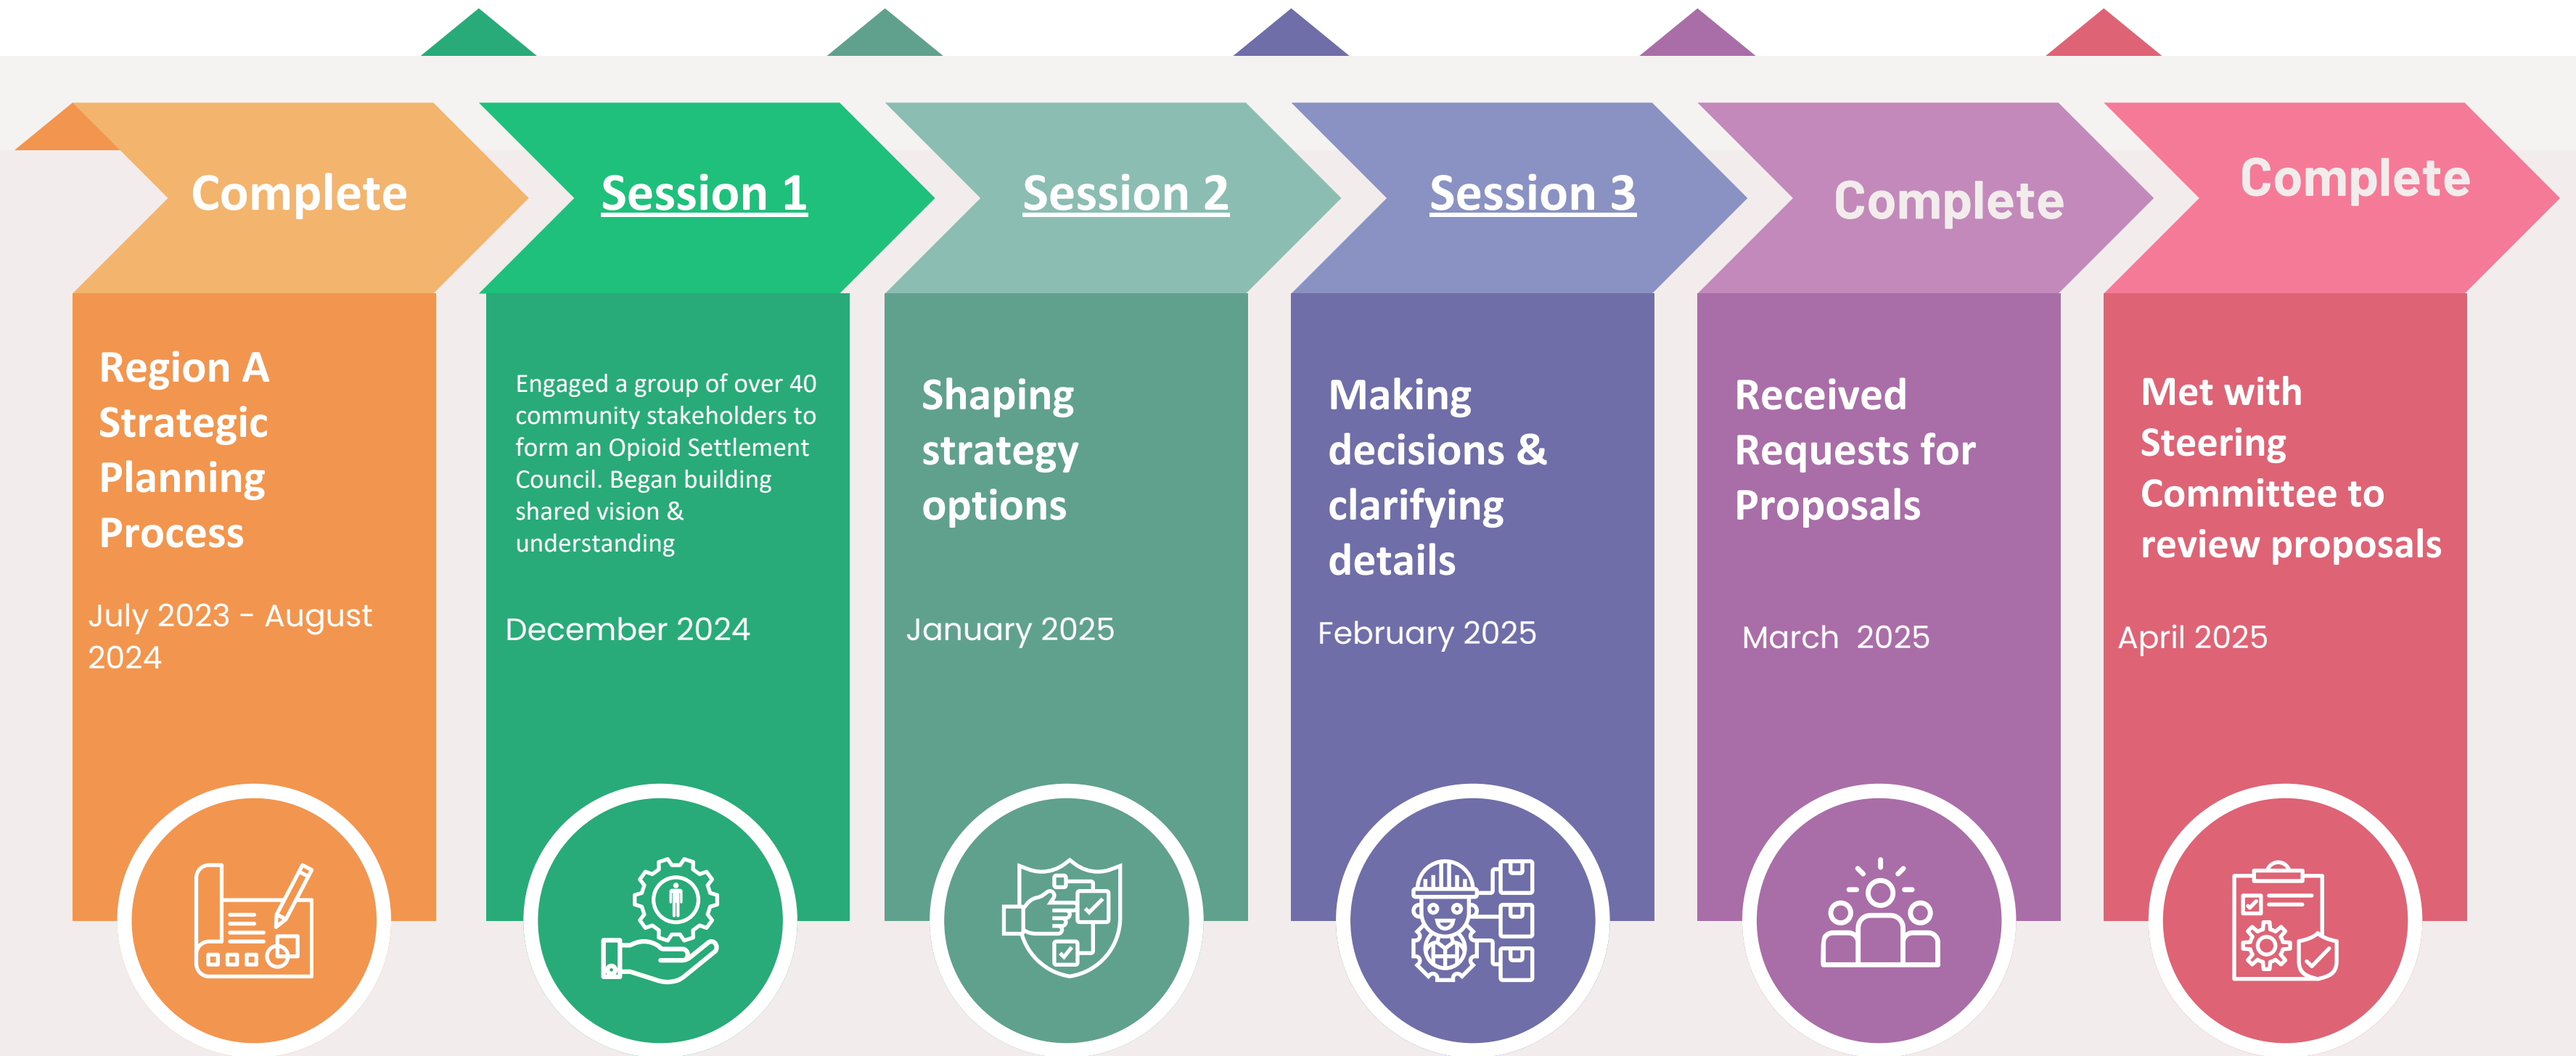

Fund programs, services, or trainings to encourage early identification and intervention for children or adolescents who may be struggling with problematic use of drugs or mental health conditions.

Naloxone Distribution:

Funding naloxone distribution through community organizations and first responders at LifePoint Health.

Jackson County Opioid Settlement

Collaborative Strategic Planning Process

OPIOID SETTLEMENT

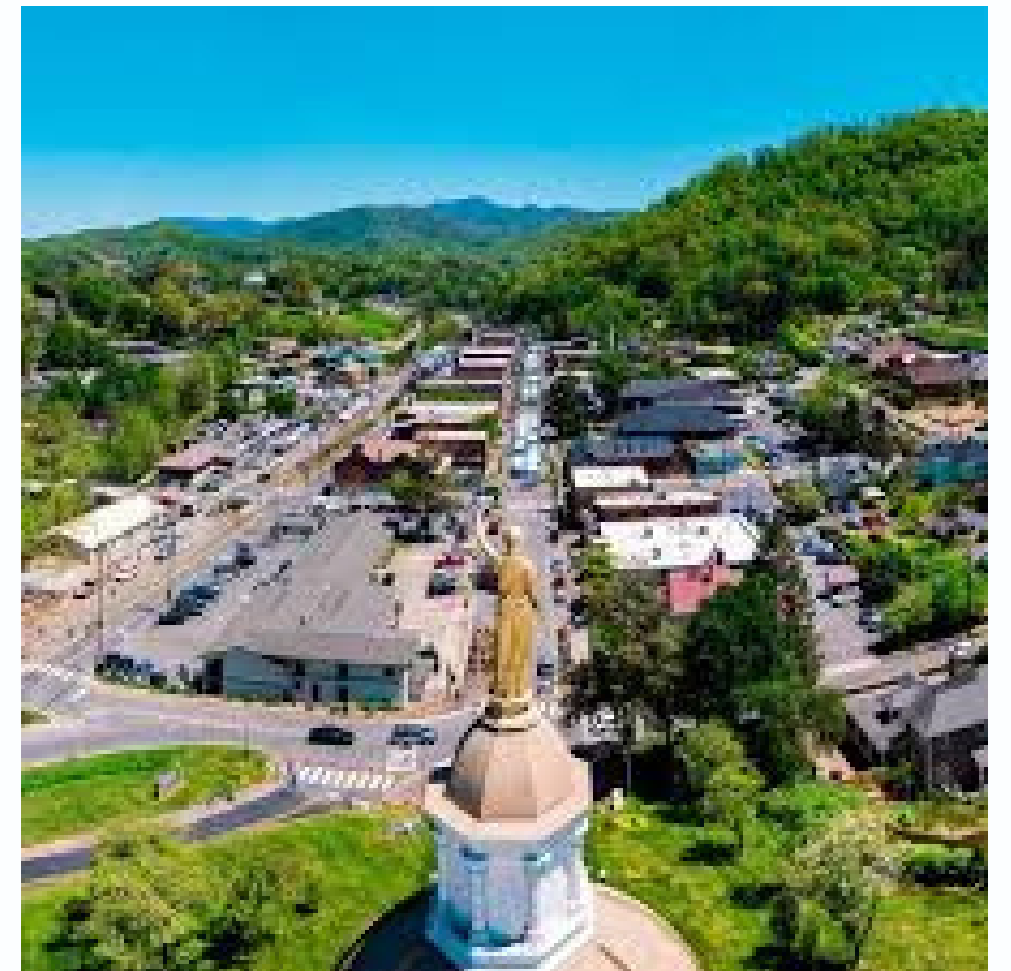

JACKSON COUNTY

- \$6,130,782 OVER 18 YEARS (2022 TO 2038)

*\$1,820,000 SO FAR

*FY 2025-2026 \$490K

- AS OF JULY 1, 2025 – \$2,310,000

SPENDING PLAN

Recovery Support Services (July 2025 through June 2028 = \$840,016)

Establish a peer-led recovery center in Jackson county to address the urgent need for accessible, community-based recovery support. This center will provide peer support, recovery coaching, resource navigation, and educational programming to individuals impacted by opioid use disorder (OUD) and other substance use challenges.

Evidence-Based Addiction Treatment (July 2025 through June 2028 = \$225,000)

Support the continuation of a residential rehabilitation program that addresses the whole person by providing spiritual transformation, behavioral counseling, life skills training, physical health support, workforce development, and continued care after graduation. This program equips women impacted by opioid use disorder (OUD) and other substance use challenges with the tools needed for long-term recovery and wellness.

Early Intervention (July 2025 through June 2028 = \$234,298.48)

To expand Substance Use Education and Treatment by hiring a Mental Health Addictions Specialist to meet the increasing demand for youth services in Jackson County. This specialist will collaborate with juvenile justice, schools, recovery community agencies, outpatient-based opioid treatment, and social services to provide treatment and services to children and adolescents who may be struggling with problematic use of substances or mental health conditions.

Naloxone Distribution (July 2025 through June 2028 = \$72,000)

To expand educational opportunities within the community as well as continue to allow community members access to items that can help reduce opioid related overdoses at no cost.
