**WEBSTER NC**  
**“ THE OLD ROCK SCHOOL”**

# Background

We are a non-profit agency, operating since 1972. While we no longer operate childcare centers, we remain on the front lines advocating for funding, training, and technical assistance for childcare providers. We administer child subsidy programs for families and offer parenting classes for parents of young children. We also offer a Nurse Family Partnership, where registered nurses work with first-time moms and families until the child turns two.
