Subject: Fireworks show

Angie,

Please place an item on the consent agenda, (for the April 7th meeting if possible) for a fireworks display at WCU on October 8, 2016. The show time will be between 10:00 and 10:30 p.m. and the display site is in the intramural field located adjacent to the Camp Building and across the creek from the WCU football stadium. The show will be part of the festivities for a WCU home football game. I will be on hand if necessary to answer any questions the board may have.

Please let me know if you have any questions.

Thanks,

Tony

Subject: Fireworks

Angie,

If it is not too late, I need to have another fireworks permit approval added to the agenda for the 7th. The movie filming downtown will involve some pyrotechnics for proximate audiences that must be permitted and approved. We will have to have commissioner approval prior to permitting that as well. This event will occur multiple times the week of May 8-15. I will have exact dates specified before the final permit is issued. As per our usual practice, the fire chief and fire marshal's office will be involved and issue approvals as well before the movie company is allowed to proceed.

If you could add this to the agenda for the 7th I would appreciate it.

Thanks,

Tony
