December 1, 2015

Chuck Wooten
Jackson County Manager
8 Ridgeway Street
Sylva, NC 28779

Mr. Wooten,

To follow up on our planning session on November 24, 2015, I hereby request \$200,000.00 be transferred from the Reserve Funds for Jackson County Public Schools to be used immediately to pursue the NFL Grant Artificial Turf Project.

Our plan will be to use the \$200,000.00 from the grant for the construction in addition to \$300,000.00 from the current capital budget. This total of \$700,000.00 should fund the project. In the event the engineer's analysis reveals a greater cost, then, of course, we will need to discontinue the project. A portion of the \$200,000.00 in this request will retain and compensate the engineer's services.

We appreciate the consideration of this request and feel the project will benefit multiple groups of students for years to come.

Sincerely,

A handwritten signature in black ink, appearing to read "M. L. Murray".

Dr. Michael L. Murray
