RE: Jackson County Municipal Grant Application – Main Street and Mill Street Sidewalk Connection

Dear Mr. Adams,

Enclosed is the grant application from the Town of Sylva for Jackson County's Municipal Grant Program. We are submitting an application for a sidewalk connection at the intersection of Main Street and Mill Street with an estimated cost of \$6,900. The Town of Sylva is requesting \$5,000 in our grant application

Thank you for taking the time to review the Town of Sylva's grant applications. Please let me know if you have any questions or would like additional information.

Sincerely,

A handwritten signature in cursive script that reads "Paige R. Dowling".

Paige R. Dowling
Town Manager

Jackson County Municipal Grant Application Form

Purpose

The purpose of the Municipal Grant Program is to assist the municipalities of the county with the implementation of worthy projects that will directly benefit not only the citizens of the municipality, but all the citizens of Jackson County.

Calendar

Applications for the Municipal Grant Program will be accepted until 5:00 pm on January 5, 2021. The Board of Commissioners will review the applications during the January work session and grant awards will be announced at the January mid-month meeting. Grant funds will be available after award.

Grant Amount Available

\$20,000 has been earmarked for the Municipal Grant Program. Individual grant requests are limited to a maximum of \$5,000 per municipality.

Municipality: Sylva
Date of Application: January 4, 2021
Project Name: Main St. & Mill St. Sidewalk Connection
Project Description: The Town of Sylva is requesting the Jackson County Municipal grant funding to extend the sidewalk on the north side of Main Street to the crosswalk at the intersection of Main Street and Mill Street. The proposed sidewalk would have both curb and gutter. The total project cost is \$6,900, so the town is requesting \$5,000 to fund the project. Pedestrians currently walk along the north side of the street if travelling from Main Street to Mill Street even though there is existing sidewalk along the south side of Main Street. This proposed sidewalk connection is more important now that vacant properties at the end of Main Street are filling up with new businesses. This proposed sidewalk will make it easier to walk to these destinations. The sidewalk on the north side of Main Street would be extended to the east to fill the gap along Main Street. The sidewalk would be made handicap accessible for

pedestrians. The attached photos and PDF show the current and proposed location of the sidewalk.

Use Extra Paper If Necessary
