WHEREAS, U.S. home fires resulted in 2,560 civilian deaths in 2015, representing the majority (78 percent) of all U.S. fire deaths; and

WHEREAS, newer homes are built with lightweight materials that burn faster than older home constructions; and

WHEREAS, many of today's products and furnishings produce toxic gases and smoke when burned, making it impossible to see and breathe within moments; and

WHEREAS, a home fire escape plan provides the skill set and know-how to quickly and safely escape a home fire situation; and

WHEREAS, a home fire escape plan includes two exits from every room in the home; a path to the outside from each exit; smoke alarms in all required locations; and a meeting place outside where everyone in the home will meet upon exiting; and

WHEREAS, home fire escape plans should be developed by all members of the household; and

WHEREAS, practicing a home fire escape plan twice a year ensures that everyone in the household knows what to do in a real fire situation;

WHEREAS, Jackson County’s first responders are dedicated to reducing the occurrence of home fires and home fire injuries through prevention and protection education; and

WHEREAS, Jackson County’s residents are responsive to public education measures and are able to take personal steps to increase their safety from fire, especially in their homes; and

WHEREAS, the 2017 Fire Prevention Week theme, “Every Second Counts: Plan 2 Ways Out!” effectively serves to educate the public about the vital importance of developing a home fire escape plan with all members of the household and practicing it twice a year;

NOW, THEREFORE, the Jackson County Board of Commissioners does hereby proclaim October 8th – 14th, as Fire Prevention Week throughout this county, and urges all the people of Jackson County to develop a home fire escape plan with all members of the household and practice it twice a year, and to participate in the many public safety activities and efforts of Jackson County’s fire and emergency services during Fire Prevention Week 2017.
