RE: Wireless Communications

The Planning Department has received an application for a new 180 foot wireless communications tower located at 617 Worley Farm Road, Cherokee NC 28789 (PIN # 7613-15-4610). The applicant is SBA Towers IX, LLC and the property is owned by William D. Hyatt. All new wireless communication towers require approval from the Board of Commissioners after the Board has conducted a quasi-judicial hearing regarding the application. The hearing is open to the public and we are required to advertise it in the paper, notify adjacent property owners of the request by first class mail, and post the property prior to the hearing. I am requesting that the Board of Commissioners call for a hearing regarding the SBA Towers IX, LLC application on October 17 at 1:30 pm in the Commissioners meeting room.
